

MEN ARE NAMED

COMMITTEES APPOINTED TO SOLICIT SUPPORT FOR THE FAIR.

C. R. Fulton, S. Neff, J. J. McNamara, B. L. Eaton, C. G. Cobb, B. R. Herndon and N. Steffen—Strong Committee to Secure Financial Support for the Fair—President Cohn Says They Mean Business—Will Deal Strictly on the Square—Wichita to Take Another Stride Forward—Matter Should be Pushed.

There was a good attendance of interested business men at the meeting of the directors of the Fair association last night and the work was pushed along materially. Mr. N. Steffen was chosen a director, and the directors as far as completed now stands as follows:

C. G. Cobb, Boston Store; C. R. Fulton, Fulton clothing house; B. R. Herndon, grocer; Sam Hess, Herman & Hess clothing house; Charles H. Smyth, Smyth Implement company; Thomas Shaw, Shaw supply store; W. W. Johnston, Johnston-Larimer wholesale dry goods store; L. Eaton, Carney hotel; J. J. McNamara, Cash Henderson; John Mahan, Mahan Supply company; M. Kraishmer, S. Ashton, W. E. Jett, Jett & O'Neil, grocers; H. G. Toler, Toler stock farm, and N. Steffen.

General work and plans for the development of the annual fair institution were discussed with an earnestness that means much for Wichita and her business men. This city, with its adjacent territory, is big enough to support a creditable exhibit here every fall. Committees were appointed last night to solicit support from the commercial and manufacturing establishments for the project, and they will begin work immediately. Everybody interested in centralizing attractions and trade industry to this town will be asked to contribute in proportion to his pride in Wichita, his ability and faith in his business. There can be no question but what little outfit will be required to put the exhibition upon a self-sustaining and even remunerative basis will return to the town and to the individual business men in ten fold repayment.

It will, perhaps, be some little trouble to get the matter under headway, but when the people here and in surrounding counties become convinced that it will be a clean, honest and permanent affair in charge of Wichita's most reputable and able business men, success will come like the appointment of nature for this is the natural fair center of the southwest. It is this because of its advantages of size and location in a rich agricultural region, its wholesale facilities and territory, and the city shopping point for eleven Kansas counties and all Oklahoma, and because of the opportunity to any point where any considerable competitive exhibition of industries is held.

Wichita and its territory need fairs, expositions, wholesale industries and manufactures of whatever scale. These things will come here if looked after, but if Wichita does not secure them the chances are that some south central Oklahoma town will strike at the opportunity of the future and rob this city of much it might have had.

"We mean business," said President Cohn of the Commercial club last night. "We are going to have a fair and we are going to conduct the whole thing with a square deal."

Everybody should talk for it and work for it. Push the fair along. It will pay.

NO CHANGE IN FIGURES

Election Returns Did Not Vary From Eagle Figures.

The election figures as given in the Eagle yesterday morning still stand good, and unless any changes will be found in the official count, which is not looked for, the majorities will be as follows:

Mayor Ross, Rep. 157
City Attorney Adams, Rep. 166
City Clerk Kramer, Rep. 163
Treasurer Kernan, Rep. 168

COUNCILMEN.

First ward—185
Gribb, Cit. 185
Second ward—188
Schell, Rep. 188
Third ward—191
Allen, Rep. 191
Fourth ward—230
Sutton, Cit. 230
Fifth ward—250
Handley, Rep. 250
Sixth ward—32
Reese, Rep. 32

MEMBERS OF THE SCHOOL BOARD.

First ward—195
Dunklin, Rep. 195
Second ward—125
Howard, Cit. 125
Third ward—236
Ruten, Rep. 236
Fourth ward—193
Annwald, Rep. 193
Fifth ward—80
Dunn, Rep. 80
Sixth ward—37
Eaton, Rep. 37

The figures by wards and precincts, when studied, show some queer things. For instance, take the vote of Mr. Kernan. He received but a trifling vote, 160 more votes than Finlay Ross. For some reason a great many people refused to vote for the Populist candidate for treasurer. He received only 2,100 votes, while Young, for mayor, received 2,800. He received over 800 less votes than Billy Meyer, who was the Populist candidate for city clerk. Nobody has given any reason why Tuller was scratched so badly by the Young people.

The result of the election seemed to have been taken in the very best nature yesterday by the defeated candidates, while the winners were not crowing very loudly. There was that same apparent

Awarded Highest Honors—World's Fair, Gold Medal, Midwinter Fair.

DR. PRICE'S

CREAM BAKING POWDER

A Pure Grape Cream of Tartar Powder.

40 YEARS THE STANDARD.

FULL OF HEALTH

Every ingredient in Hires Rootbeer is giving. The blood is improved, the nerves soothed, the stomach benefited by this delicious beverage.

HIRES Rootbeer

Quenches the thirst, tickles the palate; full of snap, sparkle and effervescence. A temperance drink for everybody.

Made only by The Charles E. Hires Co., Philadelphia.

A genuine tonic and stimulant.

Indifference to the result that characterized the campaign. Finlay Ross went on selling carpets as he always does, and probably did not mention the fact of his election five times during the day.

HOT TIME AT EL DORADO

But the Republicans Got There by Very Large Majorities.

The people of El Dorado had quite a hot election, as can be seen by a dispatch from there, which says:

"The city election yesterday was a very warm one and resulted in a complete victory for the Republicans. The Walnut Valley Times of this city made a direct fight on John T. Evans, the Republican candidate for mayor and present incumbent, charging him with all sorts of rot, but despite this he was elected by 428 majority, the largest given any mayor for years, which was a direct slap at the editor of the Times, who is the dictator and self-constituted boss of the Citizens' party. There were three tickets, and the Republicans are rejoicing, having elected every man of the entire ticket."

JOKE ON CHESTER LONG

How He Dug a Ditch for the Boys and Was First In.

Hon. T. A. Russell of Kingman passed through Wichita yesterday on his way home from the east. He was accompanied by Kansas City by Mort Albaugh, Jim Simpson, Ora Moore and some other Kansas politicians, part of whom had been to Washington City and all of whom were eager to hear inside news from the Potomac.

They bring a good story of ex-Congressman Bristow's efforts to initiate some of the western tendencies down there. It seems that a good many Kansans who never were in Washington are visiting there since a Jayhawker is to be fourth assistant postmaster general, and they have some difficulty and embarrassing experiences in running the red tape line, all of which is fun for the fellows who have "been the rounds."

A new darkie doorkeeper was made four assistant postmaster general for a day, and was appointed for all the Kansas boys and some other western fellows to call on him in his new office. Long, who had been instrumental in getting him in, planned a practical joke on Bristow's personal friends who were intimate enough with him to call him plain Joe and walk into his office with assurance anywhere and at any time.

A new darkie doorkeeper was to be put at the door that day, and Mr. Long suggested that it would be interesting amusement for him and Bristow to go in rather early and place the darkie at the door and make Joe Leland, Jim Simpson and all the Kansas crowd of Bristow's intimates present cards and run the gauntlet of inspection by the old doorkeeper before coming in to see "Joe."

Bristow assented and the matter was arranged. Long and Bristow were to be on hand early and see the fun clear down the line.

When the day arrived and Mr. Long had started over to the office two or three friends stopped him on the way, and before he knew it he was late, and when he got to the door and started in the old doorkeeper arose and said: "You can't go in, sir, the general is busy now."

Mr. Long insisted that no business was being conducted; that Mr. Bristow had invited him, etc.; but the old doorkeeper said that the general was busy and that Mr. Long would have to wait till he was called. Mr. Long attempted to walk right in, when the old darkie took hold of him and threatened to throw him out of the building.

About this time the door opened and all the boys stuck their heads out and asked the broadest and most audacious kind of grins at Mr. Long, and it cost him \$27 to get out of it with that crowd.

They say that the joke will be good for a pull on Long all winter.

SECOND HARBARY RIDGE

That's Said to be the Character of the Ryan Boy in Jail.

P. D. Ryan of Medford, Oklahoma, is in the city, having come up to do something for his son Dan, who is now in the county jail on a charge of stealing a set of harness from a farmer named Smith residing near Clearwater. Mr. Ryan encountered some difficulty here in the matter of getting a bond for his young man. The reason that the bond could not be signed by residents of Sedgewick county. Now, then, Mr. Ryan has no friends in Sedgewick county that would make competent bondsmen, but in Oklahoma and Sumner county he could give a bond for almost any amount without the least trouble. He lived for twenty years in the Irish colony in Sumner county at Prairie Creek and is known to nearly all the leading men in that section. From all accounts young Ryan is of the Barnaby Rudge type, and is to a great extent blameless of any crime for mental reasons. It is said that his wit is not very keen, and that as he was not the principal in the theft he knew but very little about the goods found in his possession.

TALK ABOUT A MILL

Two Gentlemen of Great Bend Looking Over the Field.

Messrs. W. E. Carr and W. Kelly of Great Bend, were in the city yesterday talking with the members of the Commercial club and other business men with reference to the establishment of a mill for the manufacture of flour and all grain products here. Mr. Kelly is a miller of experience and has operated in central Kansas for a number of years. It is not improbable that the gentlemen will locate a mill here of enough capacity to add materially to the industries of Wichita.

MADE HIS REPORT

SUPERINTENDENT OF SCHOOLS REVIEWS THE LAST SIX MONTHS.

Loss and Gain in Registration—Fairmount School Stands First in Punctuality—College Hill School Banks First in Attendance—The Work of the High School is Commended. But After the Present Term the Building Will be Too Small—Forty-Six Pupils Will Graduate This Year—City Normal and Its Work.

The city superintendent of schools, Mr. Frank R. Dyer, has compiled a report of the condition of the public schools of the city that is quite interesting to patrons of the city schools, pupils and teachers. The report is made for the six months ending March 13, together with some information concerning the first three weeks of March. The report is as follows:

Total enrollment—Boys 2,688; girls 2,161; total 4,847. Total enrollment last month 4,188; gain this month 59. Total enrollment sixth month last year 4,462; loss this year 215.

Number remaining to date—Boys 1,790; girls 1,588; total 3,378. Total remaining to date last month 2,753. Loss this month 55.

Per cent of attendance for city 94. Number tuition pupils—Grades 12; High school 12. Total 24.

Number of visitors 728. Grade schools' rank in punctuality: First, Fairmount; second, Burton; third, Harry; third, Lincoln and Emerson. Grade schools' rank in attendance: First, College Hill; second, Park; third, Cleveland, Carleton and Harry.

Within the month the number of withdrawals is greater than in preceding months of the year, but not greater than corresponding month of previous years. At this season of the year a number of pupils are required to abandon school for work at home or elsewhere. Others find easier vocations for spring days than the school room affords.

Within the month the usual inspection has been made. All schools have been visited by the superintendent and his assistants. The same class of visits has been made within the past three weeks also.

Your attention is called to the fact that 728 visitors called at the schools this month.

As the visiting committee's report is due at the meeting, I omit further comments upon the condition and progress of the schools, as that phase will be covered by said report.

All matters pertaining to the closing work of the several departments I have referred, with information about the same, to the respective committees.

HIGH SCHOOL

Total enrollment—Boys 158; girls 201; total 359. Remaining to date 204. Per cent of attendance 96.

Your attention is respectfully directed to the crowded condition of this school which has maintained this year. As reported, we have 204 pupils at this date. Our senior class has thirty-four members. In the eighth grade at present there are 196 pupils. Granting that 169 of them remain and are promoted to the High school, and that out of these promotions 140 enter the High school, the conditions and inadequate accommodations will be apparent. The above estimates of accessions are below rather than above the correct number.

It is gratifying to note that so many of our young people are seeking the advantages afforded by the High school, and it is hoped that some means may be provided to meet these increasing demands for more room.

The following roster of the senior class is presented for your approval. These pupils will have completed the required work and are recommended for graduation in their respective courses:

SENIOR CLASS OF 1907.
Latin course—Benjamin H. Kerfoot, Murray H. Kirkwood, Louise Rose Anderson, Edith May Batchel, E. Estella Barnes, Laura C. Boone, Alice Maude Brady, Chloe Eldred Brown, Margaret May Dorsey, Olive Elizabeth Hill.

College preparatory course—Graham Campbell, George Davidson, Edward W. Hill, Garland H. Farnell, Wilfred E. Pearce, Maud A. Babcock, Minnie Edna Freeland, Anna T. Jones, Evelyn Louise Lesse, Sarah Emma Ross, Mabel Woodson Stoutemyer.

Latin German course—Albert A. Gehring, Frederick R. Hill, V. Herbert Young, Orpha Calina Martindale.

German course—Benjamin F. Witkie, English course—Lyman T. Hickman, Arthur E. Johnson, George Leon Kessler, David S. Stuckey, Elizabeth Billinger, Faye Chambers, Garnet Culp.

Two courses, college preparatory and German—Mary O'Brien Warren.

The annual commencement occurs on the evening of May 6.

NORMAL SCHOOL.
Enrollment—Boys 1; girls 11; total 12. Remaining to date 11.

The work of this department has been very efficient, and the prospects are excellent for a successful closing of this year's work.

This school has been called upon for seventeen days of substitute work this month.

The senior class has nine members. The following is the list of names. These students will have completed the required work and the hereby recommended for graduation:

CLASS OF '97.
John Harvey South, Lenna Blanche Griffin, Margaret E. Knorr, Dora Emily Haycraft, Eva Elvira Griffith, Lilian R. Gash, Margery Wallace, Mamie B. Pigg, Stella Bernice Hall.

The annual commencement of this department will occur on the evening of May 5.

The chorus and orchestra of the High school, under Miss Clark's direction, will furnish the music for the High school commencement as usual, and the High school orchestra will furnish the music for the Normal school commencement, thus relieving the expense of supplying music for the latter commencement.

At the next regular meeting I shall be able to furnish you data for the entire year, including such information concerning the schools and the year's work as should come to your notice under the rules of the board.

WANT A PLACE TO REST
Some Talk of Building a Nice Brick Road House.

Mr. Charles Clark of this city, who maintained a bicycle road house for the cyclists of Birmingham, Ala., last year, is contemplating the establishment of a similar place for Wichita to be run under the auspices of the Wichita Wheelmen's club, or some kindred organization. The idea is to put up a nice pavilion on some road about four or five miles from Wichita, where there is plen-

ty of shade, and sell ice cream and summer drinks, but under no circumstances, intoxicants. The place is to be governed by stringent rules and regulations and no one will be allowed to rest at the place and enjoy its privileges unless he or she has a card of admission, as guests, from the president or some officers of the club. It is not improbable that the pavilion will be located at Sullivan's dam. Mr. Clark is receiving encouragement from those who patronize the wheel.

MUSIC AND DRAMA.

JAMES AS CAESAR.
Mr. Louis James, who since his last appearance here on Christmas day has been engaged in a very prosperous tour of California and the Pacific coast, will pass through Wichita on Friday, April 9, and has been secured here for a single performance on that night. The play will be "Julius Caesar" and Mr. James will appear as Brutus, which is acknowledged to be one of the greatest, if not his greatest character. The management of the Crawford deserve great credit for enterprise in securing a return date, which was not obtained without great trouble and expense, and the support accorded by the public should be of the most generous kind.

"Julius Caesar," of all of Shakespeare's plays, is the one showing the highest degree of literary merit, aside from the dramatic value as an acting play. It shows such wisdom in thought and such beauty of diction that it is everywhere commonly used in schools and colleges as the text book for students of the immortal bard.

It abounds in fine oratorical passages, and unlike most of the Shakespearean dramas, affords similar opportunities for three of the characters. Not only Brutus, but Cassius and Marc Antony are all worthy of the efforts of accomplished artists.

Mr. James has always selected Brutus as the character of his choice in the play. When he was playing with Lawrence Barrett years ago he was the Brutus of the Barrett-James production and the great success of that combination was due in no small degree to the eminent talents of Mr. James.

The play affords unusual opportunities for scenic display, and an elaborate scenic production is carried by the company. The forum scene, where the oration over the body of the murdered Caesar occurs, is an exact reproduction of the historic old "Forum Romanum" and the garden of Brutus' villa, the plain of Philippi and other historic spots are faithfully reproduced.

Mr. Guy Lindsey, who has been remembered for his fine performance of Pharsalia in "Spartacus," will appear as Cassius, and the rest of the characters will be in competent hands. The company is the same in all respects as that which appeared here last winter, and the performance will be one of the emotional and intellectual treats of the year.

CLOSING ENTERTAINMENT.
The following are only a few of the many press comments on Professor De Motte's grand lecture:

A splendid lecture. If Professor De Motte could come here again, we venture that he would fill the largest hall in town. It was a scientific lecture of the highest class, superbly illustrated—Daily News, Newburg, N. Y.

Under Professor De Motte's skillful handling, with the aid of the stereopticon, it not only proved to be very interesting and instructive, but judging from the various remarks of the audience overheard at the close, many will place this lecture at the head of the list.—Daily Eagle, Lawrence, Mass.

Last night's lecture by Professor De Motte was another enthusiastic success for that prince of lecturers. There is no man on the Chautauque platform who can so pleasingly bring science down to the comprehension of a boy.—Bee, Omaha, Neb.

One of the grandest that we believe the privilege of your reporter to hear. The lecture will delight any audience.—Morning Tribune, Altoona, Pa.

Rev. W. H. Meyers echoed the sentiment of the audience in a remark to a friend by saying "It was a treat."—Eagle, Reading, Pa.

One of the best, and we believe the most interesting lecture of the season. During his lecture he was so frequently applauded that he had to forbid it in order to get through.—Daily Republican, Ottawa, Kan.

Suffice to say it was one of the finest and most instructive lectures we have ever listened to anywhere, and was worth twice the price of admission.—Pawnee Evening Bulletin.

Enjoyed by a large audience. It was a delightfully entertaining and instructive lecture.—Evening World, Reading, Pa.

The lecture of John B. De Motte was one that drew forth the warmest applause from Joseph Cook, who heard the same. "It was the grandest talk on electricity I ever heard," said he. "I would have missed it."—Seaside Island Park, in Fort Wayne, Ind.

First M. E. church. Seats on sale this morning at 9 o'clock at Moberg's.

HARBOR LIGHTS.
"Harbor Lights" was played by Weston's comedians at the Crawford Grand last night. This evening "Finnigan's Alley," a comedy, will be the bill. The company promises this play to be a good one. This company will not play Friday night, having given away the Louise James performance. On Saturday they will produce "Reuben Blue," and at the evening performance the Fowley bicycle will be drawn. At the matinee on Saturday a good watch will be drawn. Matinee will begin at 2:30 o'clock.

ADOPTED A NEW COSTUME.
Ladies' Cycling Club and Its Plans for the Season.

The C. C. Cycling club held the first meeting of the season at L. M. Maxwell's last evening. In spite of the threatening weather there was a large attendance. It was decided to adopt a uniform costume, and the club has planned many pleasant rides for the coming season.

CITY IN BRIEF.
Singer & Donnell have bought the Eno stock of furniture.

The Fourth National bank furniture is being painted gorgeously.

The street car company is making repairs on its tracks on North Main street. Mr. J. K. Sawyer received his draft from the Knights of Honor yesterday for \$2,000.

Cash Henderson, as usual, knew where he was at on Tuesday. He can almost always tell how an election is going.

Charles Joseph, with the Dun Commercial agency here, was sent to Iowa three times ago for his health, is getting well.

Dr. Owens, the veteran physician of Wichita, much to the regret of his many old friends, is sick at his home and has been for a month or more.

The preliminary hearing of the case of the state vs. J. V. Cunningham, who killed Joseph B. MacMahon, has been set for tomorrow morning at 10 o'clock.

The county commissioners refused to allow the bill of \$125 to S. M. Tucker as justice fees in certain late cases and he has filed an appeal case in the district court.

It may be of interest to those who voted for members of the board of education Tuesday to know that they do not take their places under the recently amended law, until August 1.

Miss Edith Hall of Norwich took a position yesterday as bookkeeper for the J. A. Bishop wholesale wall paper house. Miss Hall was an influential teacher at Norwich before coming here.

If the sidewalks in the First ward are not soon fixed the good people of that subdivision of the city will start a rebellion.

NOW FOR A SCRAP

CITIZENS ON POINT OF REBELLION OVER POOR SIDEWALKS.

New Administration Will be Beaten by an Indignant People With a Bushel of Petitions—One-Fourth of Every Wooden Sidewalk in the Town Said to be in a Condition Dangerous to Life and Limb—People are Demanding Something Like the Cinder Sidewalks That are Now so Popular.

The very first question of importance that will be offered to the new city administration for solution and settlement will be the question of better sidewalks.

At the present time there is probably no city in the world with worse wooden sidewalks than the Peerless Princess of the Plains. Every other person one meets has a petition in his pockets relating to sidewalks, and the very night the new administration takes its seat the new members can expect at least a bushel of the documents. A conservative estimate fixes the amount of bad and dangerous sidewalks in the city at the present time at about one third. That is out of every 100 feet of wooden sidewalk in the city, 25 feet have either rotted or been stolen. In other words, about one out of every four planks is loose, and hence the danger of breaking one's leg and the consequent cost to the city by way of damages has increased in proportion to the destruction of the sidewalks.

There is a strong sentiment against all wooden sidewalks and an increasing sentiment in favor of cinder sidewalks. Cinder walks cost practically nothing, they break no legs, they are always dry and in every respect are the proper sidewalks for hard times. Nobody seems to be able to tell why the sidewalks are in such condition at the present time. They were bad in every quarter of the city from the fair grounds to the packing houses.

MISS GEORGE'S EXHIBIT
Some Fine Samples of Brush and Pencil Work in Her Studio.

Miss Clara A. George is having an art exhibit in her studio in the Fletcher block which attracts quite a number of the ladies of this city. Both rooms of the studio are hung with crayon work and oil paintings, the latter including the work of former students of Miss George, in other parts of the country, and the former representing the work, principally, of her Wichita class, which is growing daily in numbers. Miss George, it must be understood, has not been located here very long, but for all that her talents as a long, but teacher of the art of brush and pencil were so very readily recognized that now there hang on her walls the unfinished paintings of some of the best known people in Wichita. A portrait of Rev. Von Herrlich of the Episcopal church is among them, and although it is unfinished its superiority as a likeness is so easily recognized that it is much admired by the visitors. Another fine portrait is that of Mr. George M. Dixon. Miss George is a mighty pleasant lady, is nicely located in the Fletcher block, and a visit to her studio on the fourth floor will be found to be interesting.

SENIOR COUNTY YOUTH KILLED
Shotgun Goes Off Accidentally With the Usual Disastrous Results.

Eugene Buxton, a young man about 21 years old, was accidentally killed in Eden township Sunday afternoon, says the Wellington Mail. He and a companion were returning from a pond where they had been gunning for ducks. Young Buxton jumped out of the buggy to shoot a jack-rabbit.

In pulling a Winchester shotgun out of the buggy it went off. His right thumb was torn entirely off and the charge took effect in his left side. He lived only ten minutes.

Pierre Buxton, father of the dead man, lives on W. S. Hamilton's ranch in the edge of Kingman county, where W. B. Goad lived for a year or two.

BROUGHT BACK GOLD
Ex-Chief of Police Frank Burt Returns From Exile.

Ex-Chief of Police Frank Burt arrived home Tuesday morning in full time to vote. In fact he says that he came all the distance of 1,400 miles to cast his ballot. Frank had been out in Arizona looking after some mining interests in which he and his friends expect to make a big stake some day not too far off. He brought home with him a pocket piece of melted gold which is said to be worth about \$50. It came from a mine less than two miles from the property of him and his friends.

ADOPTED A NEW COSTUME

AT Cash Henderson's

A Linen window-like a snow bank so heaped is it with pure white—and today the sale begins. Ask for what you need, we have it and at our popular low prices that come from cash buying.

We show new Organdies, Crash Linens, Linen Batiste and Silk Striped Linens at our White Goods counters. The season for these fabrics is now here.

Black and Colored Stamines to add to yesterday's dress goods list. The Black Stock is now a pride with us. We are making such low prices.

New arrival of Jet and Cream and Black Lace Boleros today.
130-132 North Main St.

Is your health good? Do you want to keep it so? Yes? Then be careful of the clothing you buy. Garments that are made in the "sweat-shops" of the east may be filled with all manner of disease germs. You can't see them with the naked eye, but that does not prevent them from "getting in" their deadly work. You can tell
